
TMEIC to Exhibit in SOLAR POWER INTERNATIONAL 2014
The Largest Exhibition in North America Specialized in Solar Power Generation Systems

Toshiba-Mitsubishi Electric Industrial Systems Corporation (hereinafter, "TMEIC"; President & CEO Kiyotaka Machida) will exhibit in the SOLAR POWER INTERNATIONAL 2014 held in Las Vegas, U.S.A. The details of exhibition are stated below.

In addition to the actual model of our large-capacity PCS, SOLARWARE SAMURAI, which won an award at the Intersolar Award 2014, TMEIC also plans to display products having prospects for rapid expansion in the North American market, including energy storage system and control system combined with PV (solar power generation). While SOLAR POWER INTERNATIONAL 2014 is the major exhibition specialized in photovoltaic (PV) in North America, this year's exhibition will be participated by approximately 700 companies and more than 15,000 people are expected to visit during the exhibition period.
